ALL'S FAIR

When the thermometer hit 100 I felt like I'd been dipped in lime. I had no yen for singing in the Good Old Summer Time... I had been to weddings and teas until I thought I'd drop.

Suddenly I say to myself, "I'm not the bride, I can stop... And so it was that on Sunday afternoon I headed straight for the beach... And found myself at the 'Waves Motel' where everything was in reach.

I went back to the days when I made houses in the sand... I could look upon the ocean, or walk along the strand... I could watch sea gulls and wish that I too could take flight... With the grace that marks the sea bird and go on into the night.

Of course that was impossible... Then I decided to hit the waves, and found I'd lost the tide... I never knew how to take them, they'd break right over my head.

So I and my companion, decided we'd try something else instead... On the pavilion, the juke box set the pace for skaters who swirled in carefree motion... I had worked hard enough and I soon found I must come up with another notion.

Then when I decided that I'd better go back to our blissfully cool air conditioned room... And soon I was quite happy... With my books and magazines... I reveled in the quiet and didn't touch a broom.

However, I had a kitchenette... All equipped with stove and sink and nice refrigeration... Next time I get a yen for a brief restful vacation, I'll call up "Bo" or "Helen" and make my reservation... I'll ask for a room equipped with cooking and two nice double beds... And I'll insist on the Waves Motel for the prices are right.

You can stay a week, a month, or be their guest overnight...

And since I have a stint to do, I'll get into my news and catch up on all the weddings and the happenings as far as I can. News follows my "yes" naturally gravitates away.

We had just gone by the office and got the room key and while we were getting things out of the car, one of those cars that was decorated in the Bulloch county custom drove up and parked beside us. Yes, the couple was Bobby Gene and Ruth Kingery of Portia whose marriage was an event of that afternoon. Before they left for other travels, the car was clean and polished.

But really I owe my brides and folks an apology for my news was sadly neglected, and in Statesboro, these days, where news keeps popping up over night, you find little time for catching up. For instance, I went to see the decorations and wonderful food already for Lullie Smith's rehearsal supper, for the Carr-Webster wedding party and out-of-town guests. I wandered through the lovely home which features oil paintings by Mrs. Smith, we paused in the dining room to see the lovely bride's table which was overlaid with an exquisitely embroidered linen cover. Lullie had bought the material in Havana and had spent three years in joining the oval sections with fine lace and not one pucker place could I discover. The china in regal gold and royal colors, was stacked for the food which was to be served buffet. The centerpiece, combining candles, white oleanders and pink roses were arrangements by the same hand that delicately touches the excel. In the kitchen it was sheer cruelty to open up the refrigerator and see the individual congealed fruit salads, the huge baked ham. Mrs. Ernest Teel (Beatrice) and Mrs. A. S. Dodd Sr. were skillfully stuffing the celery. Oh, it was a beautiful party we were told. Others assisting Mrs. Smith were Mrs. A. S. Dodd Jr., Mrs. Alvin Rocker, Mrs. Minnie Lee Johnson and Mrs. Marion Brantley. Mrs. George Kelly played romantic songs through the supper hour.

Living room, sun room, music room and dining room were all open to guests.

FOR ATHLETE'S FOOT Keratolytic action is a must! T-4-L, a keratolytic fungicide, sloughs off infected skin to reach and kill germs and fungus ON CONTACT. If not pleased IN 1 HOUR, your 40 cents back at any drug store. Today at FRANKLIN DRUG CO.

SOCIETY

This Week's SOCIETY

SOCIALS Mrs. Ernest Brannen Society Editor Phone 212 PERSONALS

A lovely tribute to June Carr and Bob Webber. I missed the joy of writing it up.

AS FOR lovely vacation trips, our young folks are doing fabulous things these days. For instance, Jane Brannen, daughter of Albert and Irene, who was a student at Westminster School for Girls in Atlanta this year, is a member of the Dixie Caravan, sponsored by the Florida summer schools and girls and boys from 13 to 16 are eligible to join the caravan. Jane left June 15 and returned July 17, leaving Atlanta the Caravaners went from Atlanta through the midwest, short visits to Memphis, Fort Smith, Ark., Colorado Springs, Laramie, Wyoming, where Jane wrote: "She wouldn't mind marrying on Pike's Peak and falling off."

She went ice skating on the Blue Mountains, from Bangor, Me. he is really jabbering these days. Sincerely, Dorothy Kennedy Walker.

Had her picture made with the Royal Canadian Mounted Police. Went in swimming in white marble swimming pools. Ah, these must be the days! The Dixie folks were put up at night in college dormitories. They came through the redwood forests in Oregon. An Air Mail letter from Jane reports San Francisco and Los Angeles and Hollywood as next stops and they would be on TV. They're coming home through Texas and Oklahoma.

AND A NICE CARD, a beautiful one from Kilarney, Ireland. The message: "Well, I did make it to Ireland. Flew to Dublin Saturday p. m. Sunday."

On a sight seeing trip to Los Angeles and San Francisco. They visited three of the old missions. Archie enjoyed the horse races at Hollywood Park. Their trip through the Rockies was out of this world. "We took the Royal Gorge route through Denver, Colorado Springs, Pueblo, to Salt Lake City. We were almost stranded on the Sunset when the Rio Grande overflowed." Flood prevented their trip to Mexico.

AND FROM FRANCE comes word from Dot Brannen, who while having supper on a patio, overheard a real Georgian in English and waited over to the table and discovered that all four of the ladies were from Georgia, one in the party was a good friend of Willie Cobb. They were from America and were traveling in a deluxe station wagon. It's a small world.

Happy traveling, JANE.

MISS FLOYD, MR. TILLMAN HONORED AT SUPPER

The lawn of the country home of the Willie Zetterovers was the scene of a lovely outdoor supper honoring Miss Virginia Lee Floyd and Mr. Sammy Tillman Wednesday evening of last week.

Hostesses were Mr. and Mrs. Willie Zetterover, Mr. and Mrs. Bill Olliff and Miss Jackie Zetterover.

Tables were grouped around a beautiful mimosa tree in the shape of a ring. Inside this ring, white posts entwined with ivy, topped with yellow candles, covered with shades, were used. Other yellow candles were placed on the tables with greenery and yellow summer flowers forming a base.

Nevils News

By MRS. JIM ROWE

Each member is named for a 3-year term, and one appointed executive each year. No member completing a 3-year term can succeed himself. Every agricultural county in the country has such a committee to help the Farmers Home Administration county supervisor attend the agency's loan policies to local conditions including farm credit needs.

The Farmers Home Administration makes loans to family-type farm operators to buy, improve, or operate efficient farms. Special livestock loans are made where temporary credit is needed to enable the operator to remain in operation. The agency also makes emergency loans to counties or states that have been designated by the secretary of agriculture as areas where emergency credit is needed. However, the agency does not make loans of any type to any applicant whose credit can be handled by other credit sources.

Before any money can be borrowed through the agency, an applicant must have the approval of the county committee. In the case of a farm ownership loan, the farm to be purchased, enlarged, or improved must also be approved by the committee, the county supervisor explained.

Additional funds have been made available, he said, to lend during the next year to farmers to operate, buy, enlarge or improve farms.

A large proportion of the money loaned in this country during the past 12 months has been to veterans and other young farm families who are establishing better farm setups. Their greatest needs were for adequate credit and some help in developing sound systems of farming and adopting efficient farm management practices. No loans were made to farmers who were able to obtain their local lenders.

The other two members of the 3-member committee are Ernest C. Carter of Portia and James H. Lee of Statesboro.

Roger Parson to teach at LHS

By MRS. JIM ROWE

Roger Parson, a 1950 GTC graduate and basketball star, has been permanently appointed to the Georgia Teachers College Laboratory School faculty as instructor in physical education.

President Zach S. Henderson states that Mr. Parson, who served temporarily in that capacity last year, goes on permanent status succeeding George Stopp who has resigned. Mr. Stopp was on a leave of absence from the faculty last year.
